### Prologue 01

Author's Notes: (As well as Translator's notes) First post.

The sentences may be clumsy, but please watch us warmly Please tell me if you have improvements.

---

I woke up in a white world I've never seen before.

「Where's this ? 」

While thinking where could this be, 「This is the God's world♪」

After hearing the voice, I turned around and see a 20 y/o woman standing there..

God's world? What do you mean? God's world is this?

Huh? Why am I in this place?

「It's just that I have some task for you to do, so I called you」

Task?

「Yes, that's right. Also, you are already dead」

Huh? Dead? Me? Why?

「Do you not remember? ? 」

No, I do remember. Certainly it was.....

## プロローグ02

### Prologue 02

That day, I was training with my family like usual and went to school.

Shiritsu tachi gen High School (Lit: Original Sword Private High School) Is the school I'm attending.

「Yo! Akatsuki」

「Yo! Daichi. You sure are energetic in the morning」

Kato Daichi met me in the school gates, then we continued chatting while heading to the class.

「Yo! Everyone」

Daichi entered the room while saying so. I entered the room after Daichi. The classroom turned silent for a moment. It's the same as always The school makes me cheerful.

I was originally cheerful before, but it was improved thanks to Daichi. But, after a certain incident it has been the talk of those guys, nobody except Daichi and my seniors talk to me.

But, there's another person who does.

「Good morning. Kawato, Yuki.」

That girl is Saegusa Shizuku. She's involved in the incident.

「Good Morning, Saegusa」

「Good morning」

That is our usual exchange, there were stares of jealousy and murderous intent, and those fearsome stare are being directed at....Me.

But I think it's reasonable. She's in the top three of the most beautiful girls of the school. She talks to me like I'm a problem child(I think), as expected the boys are uninterested, and the girls are worried about her. They seemed to be afraid. It troubles me if I'm indifferent at her, she means no harm, so it's okay.

「You, take your seat. I'm going to check the attendance.」

The teacher looked at us while speaking, Daichi and Saegusa had gone back to their seats.

Why are they so afraid? I wonder.

「Yuki, Akatsuki Yuki」

I replied “Yes” when I was called. Then listening to the teacher speak, my school life had began.

After the school ended, I was preparing my stuff to get home, then, she approached me.

「Yuki, do you have some time? I want to talk.....」

「Akatsuki. Let me borrow your notes.」

What she was trying to say wasn't heard because Daichi approached spokeed up.

「I'm sorry Saegusa, I didn't hear you. Could you repeat it once more?」

「What, you guys talking? Anyway, give me your notes.」

「Calm down. Which subjects do you need ? 」

「Uhhh. Math and Classical Japanese.....」

「Got it. Here it is. Return it tomorrow」

I told Daichi, he went towards his club after taking the notes.

「Ah, Saegusa, sorry, our conversation was interrupted. So, what do want to talk about?」

「Never mind, tomorrow's fine. Sorry for calling you suddenly」

「No, I don't mind」

「See you tomorrow then. Bye-bye Yuki」

「See you」

She went to her club after saying goodbye.

I was heading towards the bus stop to go home.

The usual shop, the usual park. It hasn't been one year, yet the streets are familiar already.

(That girl. She's playing by herself.) [TN: No, not in a sexual manner, go to Pun's site if you think like that]

I pass through while thinking of such things.

(It's dangerous if a car comes... ! ?)

Having such idea, a white sedan is about to crash with the kid (TN: I know, it's not Truck-kun) I rushed to the kid without thinking

I immediately got hit by the impact.

「.....Kuh...」

(That child.....It looks like he's safe. Thank goodness.) Having those thoughts, I lost consciousness.

---

Author's Notes: (Pun's tsukkomi)

How is it?

I think it's a comparatively template event (It's not truck kun! I believed in you!) After all, I am not a good writer yet.

Also, I did a small character introduction.

Akatsuki Yuki/ [Castle Bind – Dawn]

Main Protagonist. You'll more about him later.

Saegusa Shizuku/ [Three Branch – Trickle]

Heroine/not heroine, An ambiguous character.

Kato Daichi/[East River – Supreme Wisdom]

The protagonist's best friend. They've been friends since High school. Wants to be a novelist, and writes during class.

How's this? Also, Daichi won't be appear anymore....Maybe. Saegusa....She'll appear?

This may be a new work, but please love Akatsuki.

# Prologue (Part 3)

## プロローグ03

### Prologue 03

---

「How is it ? Do you remember ? 」

The woman asked me.

I see, I died that time.

「Yeah, I remembered。 But, I don't know the reason why I am here.」

I told the woman. The woman said that she expected it.

「You'll be given a task you need to accept」

Task. I don't understand. Why is the dead me given a task? Besides, the woman keeps saying task this or task that, who the hell is she? I can only ask. That's why I continued the conversation.

「It is just, you know? I want to ask if it's necessary for me to be called here? If so, what use do I have? Also, I don't know who you are.」

「Certainly, that is right. I haven't explained anything so far. I'm about to explain right now, this might be a bit long, are you okay with it?」

「Yeah」

「Then.....」

In summary,

I'll be reincarnated, that's what she told me.

Moreover, instead of the usual reincarnation, my figure will be the same. No, don't misunderstand. I will be sent to that world as a small child. My foster parents will be a certain acquaintance.

With that, I will be reincarnated, the woman told me as such. The identity of the woman is the connection for my reincarnation. Whether why was I reincarnated, when will I be reincarnated, and my abilities.

The woman's identity is "Concept". It seems she's the one who governs the "World". Other types of the woman is "Sun" and "Life"

As to why I have to be reincarnated, there's some First, when I left the world, I lost my original strength.

Second, in order to believe there is "Concept"

Third, in order to determine the aptitude towards "Concept" and materialize it.

Fourth, for fun.

I will be reincarnated because of these four reasons. By the way, my memories will be kept on my reincarnation Now then, can I materialize the "Concept"? While thinking that, apparently I can. That "Concept" only. However, the vessel is the exact same, it seems that only a single "Concept" is possible.

Apparently, I have that special "Concept", and only one person has managed to materialize that "Concept", which means, no one else can materialize it.

And that was the explanation of "Concept" I think.

"Concept" is, the origin and law of all things that exist.

In other words, if there's no "Concept" nothing exists, no, even "Nothing" won't exist.

"Concept" is the explanation of the very existence itself now and it seems that existence that is broken up into finely divided pieces are governed by these girls No then, since I have to make a "Concept", I need to make a clear image of the "Concept" I'm materializing.

First, the "Concept" I will make is,

『All』

That is to see everything, not to obtain. But because I will be born with this ability, it is possible for me to see everything in one look, and to sublimate.

Then, the “Concept” I will materialize is, 『Existence』  
Existence is the origin of concept, which is responsible for all.  
The strongest ability that can use the full power of “concept”  
“All” and “Existence”  
I’m like a bug…….(TN: Computer Bug)

「Well, do you understand now? ? 」  
「Yes, I did.」  
「Is that so? Then, let’s begin the succession ceremony ! 」

---

Author’s note:  
Thank you very much for reading.  
We have finally put out the useless setting.  
Also, “Concept” is something I made , it is different from the actual meaning

# Prologue (Part 4)

## プロローグ04

### Prologue 04

(Pun: Changed Ceremony to Ritual, I'm still confused on materialize/inherit so I will place whatever fits in the context)

「Ritual？」

「Yes, ritual.」

It seems that a ritual is needed for succession. What on earth could the ritual be?

「What kind of ritual？」

「I'll just simply bring this in your body」

She gave something like a ball of light while speaking.

「That's all？」

「Yes♪ Before bringing this, give blood to the ball, apply『All Existence will be inherited』 chant after putting it on the top of your heart.」

I want to ask you if this is actually a ritual. I don't think it is.

Well then, let's just end this ritual quickly.

「Got it, let's begin.」

I received a ball and a knife from her.

First, I cut my finger with a knife and gave blood to the ball

「『All Existence will be inherited』」

I chanted, and took it in my body.

Vast amount of data has flowed in my mind.

Memory, the ability to record such data, to manage them, I organized it inside my head.

「Good job」

She said.

And,

「Next would be explaining the world you're going to reincarnate in」

Oh right, all I asked is about my reincarnation, I still haven't asked about the world

「Yes please」

「Yes♪ You will be reincarnated in the world of〈Avalon〉」

「Avalon? That legendary land?」

「No, the name just came up on me, so I used that name. By the way, using earth's literature as reference, there's also an elf」

「Is that so?」

I still think it is the legendary land, what will it be?

「In other words、〈Avalon〉is a sword -」

「Swords and Magic type of world?」

「uu, you stole my line.....」

「What's wrong ? 」

「.....No, it's nothing. Basically, you're right.」

「Is there no other characteristics ? 」

「There is. First of all it's big, it's smallest continent is three times the size of Earth's Eurasian continent.....」

In summary, the it's a world of swords and magic, it's huge, there are a lot of other races, it has a game like system of levels, and the world is still new(But still the history is already long)

「I want to ask about magic.」

「Do it there.」

「What the hell. Welp, it doesn't matter」

Come to think of it, what about my status?

「Hey, do you know my status ? 」

「I know it」

「Why I don't know it?」

「In this place, you won't be able to see the status, you're unable to see. Well, it's different after reincarnating. Do you want to see your status?」

「Yes please.」

「Then,」

「Have a nice day」

When I heard that, my view is filled with light, and I lost consciousness.

# Chapter 1

## 第1話 転生

### Episode 1: Reincarnation

(Who's this old man?)

I don't know how much time has passed since I lost my consciousness, but the old man is just staring at me

(Seriously, who's this old man?) 『I, I am your foster parent』

(He heard my mind? Moreover, I didn't even let out a voice.)

『【True Eyes】effect and【Perfect Learning】skill. I used the effect of 【Perfect Learning】skill to understand. And with【Perfect Learning】skill combined with【Mind reading】I can use【Telepathy】』

(So that's why. You're using a telepathy skill, for now let's give it a try)

『Gramps, can you hear me?』

『I can』

『I see.』

It seems like we can use telepathy. The thoughts go straight into my head. It's probably the effect of 【Perfect Learning】.

But, it's no good if i don't check the current situation. For now, let's listen to this old man.

『Gramps, earlier you said that you're my foster parent right? Do you know that woman?』

『That's right. I'm will be the one to foster you, also what do you want to ask about Yuno?』(TN: can also be read as Juno of the roman mythology) 『Yuno? ? 』

『That's the name of the woman you're thinking of』

『I know her but I hadn't heard it from her.』

『I see. I shall introduce myself first. My name is Alfred Alpha, the former "Existence" 』

『Former, you ? 』

『That's right』

『Why is a predecessor here?』

『I am here to instruct my successor various things and when you're grown, I will disappear. It may be for a short time, but best regards, Akatsuki』

『Ah, yeah, best regards.』

Apparently, I will be taught by my predecessor a lot of things.

# Chapter 2

## Chapter 2: Predecessor and Study

I was taught by my predecessor various stuffs

First, I decided to ask about the surrounding things

『Where is this?』

『This is Touale village in the border of Daoruku Kingdom』

Daoruku Kingdome , Touale Village

That's the place where I reincarnated.

I wonder what kind of social position I have in this place

Should I ask about it

『What is my social position in this place?』

『You, I declared you as my grandchild before you were one year old』

you can call me 『Grandfather』

『Is there such thing as ID? No?』

『There is.

your identification will be given by the church when you get 1 year old.

In a village without a church, it can be taken from the house of village chief.

You'll be getting it within three days』

『I see.

Well, I'm not a resident here, what should I do』

『You should be okay.

I used magic to tamper memories.

It will not be exposed, I can deal with it with my magic, so you don't need to worry』

『I see. Then tell me about other stuff』

『Well then.

First of all...』

Old man taught me the basics carefully and clearly

First, 1 year in Avalon is 360 days, 1 day is 24 hours, 1 hour is 60 minutes, 1 minute is 60 seconds

There is no leap year, one month was the same in the previous world which is

around 30 days

On the other note, you'll be regarded as adult when you're 15 years old.

The time was already past midnight when the explanation already finished.

『I'll sleep, I'll wake up after resting』

Then, me and the old man slept.

# Chapter 3

## Chapter 3: Predecessor and Study 2

Next day

「Au~au」

I can't speak.

As expected.

Or perhaps should I say, why I can understand the words in this world? Normally I should use a skill to do so.

I did not see it before right? let me take a look.

How do I confirm my status? For now let's try something  
(《Status》)

『《Visualize》』

『Fumu, let me see.

Fumu, good』

『Then? Is there something?』

『Looking at it, Magic, you can use all.

『Is that so』

It seems like I can exercise some magic.

『Also, regarding the space-time magic, you should be careful when using this magic on living creatures』

『Got it』

Next day

For the 7th day of the 7th month, I was registered at the church

However, nothing happened so I'll omit it.

However, nothing happened so I'll omit it.

# Chapter 4

## Chapter 4: The predecessor and Study 3

Two years had passed since my reincarnation, I'm now 3 years old. (TN: Huh?)  
And, I can finally use magic.

「Good, Then I'm doing it.  
《Space Creation—Create Space》」

The time is ten at night.  
I and Old man went to a different space to practice magic.

「Now then, we'll be practicing magic, you do know ranking and class right?」

The magic in this world has a ranking and class  
In classes, the lowest is Low class→ Intermediate class→ Advanced class→ High class, and it continues to Taboo class→ Courtesan class→ Legendary class→ and God class

In ranking, it's separated in three from lowest to the highest  
Therefore, that's a total of 15 ranks  
Taboo class isn't separate

「Yeah, I do」  
「Then, how far can you be when using it? Try it out for a bit」  
「Got it.

《Sun God Spear—》」(TN: Brionac, the spear of Lugh that was said to be impossible to overcome. (Celtic mythology))

I used it at the beginning, my original light attribute God Class Magic 《Sun God Spear —Brionac—》

Its a magic that I've thought for some time

「How is it?」  
「It's good.  
It's wonderful」  
「Is that so?」  
「That was an original magic just now right?」

「That's right, but」

「The power is just right and stable」

Apparently, it's a passing grade

「How about you try compound magic?」

「Got it.

《Great Flame Storm —Blaze Storm—》」

What I used this time is a fire and wind attribute rank 11 compound magic  
It's a magic that only the top rank of this world can use

「Good, that's fine.

rather, for you to make this makes me lonely...」

「...」

「Well then, do you have another original magic apart from those? How about that?」

「For the time being, there's one I intend to make」

「Oh, what is it?」

「【Decomposition Magic】」

「Oh, how long until you're able to use it?」

「I-I'm already able to」

That's right, I was able to think of some few magic  
If there's an open space, I will be able to use it immediately

「Then, try to use it.

The mark would be this 《Doll Making —Create Doll—》」

「Got it.

Then, I'll do it.

《Decomposition》」

『【Decomposition Magic】has been acquired』

When I used it, the doll disappeared.

To be precise, it's on a level that the particles has been disintegrated (I think you should remember about a certain underachiever)

This can break down magic too.

There's another magic named 《Purge》 similar to this. (TN: Yes, author is referring to Onii-sama)

「Fumu, I don't have any more magic to teach you.  
After this is blacksmithing right? You can use all the raw materials I have.  
You should do that.

Akatsuki, can you use Item box?」

「Yeah」

「I'll be handing you all the items I have.

But, never sell those items」

「Got it」

Then, I received Items from old man.

# Chapter 5

## Chapter 5: Short Story

It's a short Story (TN: that's the author's note)

-----

4 years passed, and I was seven years old  
And, I was called genius in the village  
It was about one year ago when I caused it

When I was six years old I often come to play with children of the same age.  
In this village, when you turn six years old, you'll be taught of arithmetic and letters at the church.

At that point, since I was able to perform reading, writing, and calculation perfectly, I was recognized by the adults

One day, a hunter's uncle came back with his arm missing  
To recover a lost limb, you need to use Advanced level Recovery magic so they gave up

I healed uncle's injury as a return for him taking care of me  
The villagers who saw it called me genius

# Chapter 6

## Chapter 6: Neo Metal

I turned 8 years old

「《Space Creation — Create Space—》」

I tried to experiment in the different space

I thought I've never made a high class metal using my skill 【Metal Fusion and Fission】

Because I all materials in 1000 unit tons, there's no fear in failure Judging from the conclusion, it was a half success

First, I tried to separate the impurities, but surprisingly, all of it has a 100 purity I feel I understood the true reason of old man saying those words Then I fused them

I tried to make a joke and used extremely rare materials like 『Adamantite』, 『Scarletite』, 『Orichalcum』, and 『Mithril』, and created a fearful metal

I checked the result with a skill, and it seems it was an unknown metal until now Then, I named the metal 『Neo Metal』

Anyway, the characteristic of neo metal is it's reasonably flexible yet hard.

In addition, it's easy to pass magic power

All of the strength of the metal had been fused

In addition, it's also strong in physics magic.

That's all I know.

I promised not to give anyone this metal

In addition, I made a promise to never tell anyone.

# Chapter 7

## Chapter 7: New moon

I turned 9 years old  
My height is close to 135 cm  
Today is an important day of the year for me.  
This is what old man was talking about.  
Old man, is about to die in a year.  
That’s why I want to cherish this year.  
Then, after old man dies, I’ll be leaving this village.  
Lastly, I’ll be making equipment to leave the village  
I will first make a sword  
I created a different space to make an equipment  
In addition, I used 【Time magic】to mess with time, it feels one year inside yet only a moment passed outside  
The result, it took me half year inside time to finish the sword  
Also, I did it without taking rest  
Still, I think I made more than enough with this.

Then the finished sword was applied with 【Endowment Magic】, and I carved Original Endowment Magic 【Word Endowment — Word Enchant】

The katana has a length of 2 Shaku and 4 Sun (TN: Metric: 72.725cm, English: 28.632inch)

A straight finish

I named this sword [New Moon] and I was attached to it

I used the remaining neo-metal to make armor and clothes  
The skin of black dragon was used.

My equipment was set

Chapter 8: His departure

—Chapter 1 Ends

—————

7th day of the seventh month, my birthday  
I turned 10 years old  
And...

「Akatsuki, I will die tomorrow.  
I have something to tell you」  
「What is it, old man?」  
「There's a rank SSS+ dungeon in this country's northeast named 『Mythology Forest』」  
「Why is such a place there?」  
「There are different monsters there.  
I also went there and met 『Those Guys』...」  
「Those Guys?」  
「A dragon.  
The name is 『Black Dragon Iskandar』.  
That guy seems to be looking for a master to serve.  
That's why, I want you to be that guy's master.  
It was impossible for me  
And there was a guy who was with Iskandar.  
It's name was 『Wolf God Arc』.  
I want you to be it's master too」  
「I'm okay with it, but...」  
「Also, Akatsuki, when will you depart?」  
「After Old man dies」  
「Then, I will also hand you this」

Then old man took this world's money out of his item box

「Money?」

「That's right.

That's totalling 1 Billion.

Use it systematically」

「Got it」

The next day, Old man died.

The village chief held a funeral till the day ended.

When I came here, I was in their care.

I didn't cry, but I was sad as expected.

「Well, then, I'll be going」

I spoke to the house where no one is in

I felt sad that I was becoming teary, but I steeled myself

Now, should we go?

The destination is 『The eastern frontier's town Talca』

# Chapter 1

## Episode 1 – Journey and Encounter

One day passed since I left the village.

“Haah, it’s nice weather.”

It takes approximately 2 weeks to walk to Taruka on foot.

Since I’m not in a rush, I practice magic while heading to Taruka.

“I want to fly in the sky.”

When I had such a thought, a certain thing was remembered. It went smoothly when I tried to put in practice.

Therefore.....

“It’s a good view.”

I’m flying in the sky – to be accurate; I am walking.

Five days have passed since leaving the village and, with the exception of dealing with several goblins, nothing has changed.

This is my present status.

The level rose and there is a change.

I walked for a while and then I saw a carriage that was being attacked by monsters. As for the monsters which attacked.....

□□□□□□□

Cyclops

Rate:A+

□□□□□□□

□□□□□□□

Ogre

□□□□□□□

There are two Cyclops and three Ogres. They are superior monsters. I think it's terrible to just stand here.

Ah, one person died. With this, five people remain?

As expected, there were more than that.

“Help?”

I say so, then run towards the cyclops pulling out ‘Crescent Moon (Shingetsu)’

The ogre noticed me, then began to run towards me to hit me. I cut off its arm with my sword, then without change proceed to cut off its neck.

“KyaaaaaaaaAAAA”

I look towards the person who screamed, and it was a girl around the same age as me almost being hit by the Cyclops.

“Shit.”

I curse,

“《Great Flaming Bullet – BLAZING SHOT》”

The magic was fired. The magic then directly hit the head of the cyclops, turning the cyclops into charcoal. To make sure that the remaining three die, I chop off their heads.

I go towards the girl

“Are you alright?”

I am the daughter of Earl Shelben that governs the east border, Lily Eru Shelben.

I was returning to Talca from a certain territory. Taking this road in the danger region was fairly safe as usually only goblins and other low level monsters attack.

However, I was attacked by the superior monsters Cyclops and Ogre. We tried to escape, but as it was not possible we were desperately fighting back.

The first was Luke. He was a young person who became my guard knight 3 years ago, but he was excellent.

After that, everyone fought desperately but they died. The fifteen people who were knights became 3 people. The old man fought to, but it already seemed impossible.

“!?”

Losing all power in my body, I sit down. I had to attack with magic. Therefore. I have used too much magical power.

The cyclops is approaching.

Cyclops..... It laughed.

The cyclops raised his arm.

I am going to die. I understood this.

“《Great Flaming Bullet – ‘BLAZING SHOT’》

I heard so.

The cyclops got hit by magic and it vanished.

Who? Is what I thought. In our group there is no one can use 11th ranking magic of the fire attribute. Besides the magic isn’t able to defeat a Cyclops in a single blow.

I looked in the direction where the magic came from and was dumbfounded. Because a boy the same age as me was able to kill Ogres and Cyclops in a single blow.

“Are you alright?”

The boy called out.

I looked at the boy. Looking at his face, I blush a little in admiration.

Oh, I need to answer.

“Y-yes. I’m alright.”

# Chapter 2

## Episode 2 Encounter and Journey 2

“Y, yes. I’m alright.”

“Is that so? That’s good.”

Something about her face is red. Is she alright?”

“U, uhhh. Thank you for helping me. I am Lily Eru Shelben. Please call me Lily. Could you tell me your name? “

“N? Ah, I am Akatsuki. Akatsuki Yuuki. Call me Akatsuki. Please take care of me.”  
(tl: Yoroshiku)

“Please treat me well.” (tl: Yoroshiku onegaishimasu)

Lily, if my guess is right, is probably the daughter of a noble.  
Ah, the person wearing butlers clothes has come.

“Ojou-sama, are you alright?” (tl: Ojou-sama – Young lady)  
“Akatsuki-san, Please wait a bit.”

“Old man, did something happen?”  
“Yes. I want to hold a memorial service for those who died but.....  
“There is such a thing, but..... I have no magical power.”  
“So, is it?”  
“Is there a potion?”  
“No.”  
“So.”

They want to hold the memorial but without magic, can it not be held? I could do it. I’ll try asking.

“Hey, how do you do the memorial?”  
“.....Akatsuki-san. For the mourning, you say the words of mourning, perform the cleansing and then the burial. But..... In this case, we burn them. Nobles perform it using synthesized magic of the light and fire attributes.”  
“Do you not use ‘Holy’ magic?”  
“Because only saints from the land of the gods or saints from the royal capital Haburuku can use holy magic.”

“Is that so. Then, there won’t be a problem if I perform the memorial thenb?”

“Yes. Could I ask you to?”

“Leave it to me.”

I gather the corpses into one place.

“Thou, light of warmth and healing, giveth piece 《Blaze of Tranquility – ‘Flames of Piece’ 》

Holy magic and fire magic creates synthetic magic 《Flame of Peace》. I use this spell to show my respect to the knights who fought until the end. I also chant.

“This is.....”

“It’s over.”

“Y, yes. Thank you.”

“You’re welcome.”

Well, I can go now?

“Well then, I’ll be going.”

“Ah, please wait.”

“What?”

“Uhh, where are you going?”

“To Taruka.”

“Then, want to go together?”

“It’s fine but.....”

“Then, does old man have anything disagreeable to say?”

Lily said so turning towards the butler. Or rather, she walked?

“Old man, Akatsuki-san.....”

“He’s trustworthy. Even so, Ojou-sama, in the battle a little while ago, the horses were killed and the carriage was destroyed too. It’s a walk on foot from here on.”

“I understand. Can we leave now?”

“Yes, it’s possible.”

“If that’s so, let’s go tell Akatsuki-san.

“There is no horse or carriage? It will be hard for an injured person. A saw in the battle before, a knight broke his foot.

I have no choice but to do that.

“Akatsuki-san!”

“What is it?”

“We will be departing soon.”

“I understand. But I have a proposal..... Is it good to use a magic item that I made?”

“It’s fine, but what kind of thing is it?”

“Secret.”

After 15 minutes, we decided to leave.

“Then, I will be taking out the magic item, so please stay away.”

I take out the 《Magic-powered Four Wheel Drive vehicle》 from the item box. The size of the minivan was 2

“Akatsuki-san, what is this?”

“This? This is 《Magic powered Four Wheel Drive vehicle》, the magic item. Well, first off, get on.”

I confirm that everyone was on and then start the 《Four Wheel drive 》。 For the startup, magical confirmation – fingerprint verification is needed. When the procedure is finished.

“《Magic powered Four Wheel Drive Vehicle》 start. Good morning, master.”

“And, a voice sounds. This car has a pseudo-AI. It will automatically go to place that I’ve been once. It can also identify monsters and inform me of them.

“Now then, shall we go?”

The trip which should take 3 days when walking took 3 hours.

# Chapter 3

## The third episode: Shelben Earl

Driving the 《Four Wheel Drive》, a large wall comes into sight.

“That’s Taruka?”

The border 『Fortress City Taruka』

It’s a large city surrounded by a wall, seconded only to the royal capital. The city fights the threats of the monsters with the walls and soldiers repetitively. It is a place where many adventurers gather.

“Amazing.”

Seeing Taruka in the distance I increase my speed heading towards it.

“S-stop!.”

As we go towards the gate, the gatekeeper points his weapon towards us.

“What is it?”

“You, you bastard – What is this!?”

“It’s a Magic Item.”

“What happened? Akatsuki-san.”

そんなやり取りをしていると後部座席からリリーが顔を出してきた。そしてリリーを見た門番はというと..... Lily produces her face from the backseat to make such an exchange. And then the gatekeeper sees Lily.....

“You bastard, what did you do to Lily-sama?!”

He’s babbling as such.

“She was attacked by a cyclops, I was incidentally passing by and saved her.”

“Don’t lie! There is no way a bastard like you could defeat a cyclops! Release Lily-sama you kidnapper!”

“What’s with these allegations? It’s troublesome.

“Please wait. Akatsuki-san helped us! He is not a kidnapper!!”

“The kidnapper is threatening you, we’ll arrest this guy so don’t worry. You weren’t murdered, but have you suffered a lot of pain?! You’re alright now, Lily-sama.”

Lily, thank you. And then what is this guy? It seems he's not listening to the story and instead believing his own delusion?

"It's different!! Please listen to me."

"Hey, what's going on?"

"Squad leader! This person kidnapped Lily-sama! On the contrary, Lily-sama is being threatened!"

"It's different!!! Please stop it"

"Lily-sama, is it true you are being threatened?"

"It's different!!!"

"Squad leader, this guy is threatening Lily-sama!"

What is this?

"Please stop it!!! Please stop talking about delusions as reality instead of hearing the story of the person! Firstly, LISTEN before arbitrarily deciding to think badly of someone!"

Oh, Lily snapped. What she's saying is harsh, but true.

"Lily-sama. can you tell us what happened?"

"Yes.... We headed to Taruka....."

"I see. Was there such a thing? And then, can I hear your side?"

"No problem I....."

"I see, thank you."

"No problem."

"And, just then my subordinate was unjustifiable. You may pass through here."

The squad leader was a good person who understood the story. By the way, I finally got into Taruka...

"Squad leader! Do you believe a guy like that?! Lily-sama is surely being deceived!"

"SHUT UP!"

The squad leader snapped.

"You daydreamer! How many times with your reckless remarks have you done a mistaken arrest! I can't think how many victims there are of your delusions. You've done it so many times that nobody believes you. Do you know what the call you around the circumference? 『The walking Delusion』 and 『The annoyance

which walks]]. Sleep Talk after you go to sleep, you idiot!”

It seems, he’s a repeat offender.

“B-but, I heard that you ask just in case.”

“I only do so in a form!”

Somehow, he seems to be a considerably useless guy. Apart from that, this is no longer relevant.

“Sorry, we need to go.”

“Feel free.”

“Well then.”

I called out to the person who came with the group leader and then we got out of the car. And as I set foot into Taruka.

“YOU ARE FIRED!!!!!!”

Are they still not done?

“Akatsuki-dono.”

The butler calls out to me.

“What is it?

“Would it be alright for Akatsuki-dono to come for lunch at count Shelbens residence today?”

The count’s residence? There’s meaning in going, huh, well I’m free so it’s fine.

“Sure, it’s no problem.”

“Thank you very much.”

“No problem.”

After walking a while, a huge house (which felt like a castle) came into sight. Is that the count’s house?

“That is the Shelben border counts residence.”

Apparently so. The count is lucky to stay in such a mansion.

“We’re here.....”

“I understand. Oi, go tell master he’s come!”

“Yes~!”

That explained it for me.

After a bit, a person came out of the earl's mansion. It was a good looking maid.

“Welcome home young lady.

And you are probably Akatsuki Yuuki-dono?”

“Ah, yes. I am. ”

“How do you do, I am Roti Zarutsu. Master has ordered me to entertain and guide Yuuki-dono. Is it fine for me to guide you?”

“Yes, it's alright.”

## Chapter 4

Episode 4 Earl Shelben 2

“Then, please wait here.”

I was taken to Earl Shelben’s guest room.

“It’s Kofu.”

I try drinking the Kofu (It’s coffee-ish) and it tastes exactly like coffee.

“No change.....?”

“What is it?”

“No, it’s nothing.”

It seems that Kofu isn’t served black. As for me, I was part of the black coffee clique in the previous life.

After a while there’s a knock on the door.

‘Akatsuki-dono, the master is calling. Would you come with me?’

The steward who parted some time ago calls to me. I shall meet the Earl Shelben. Well, I wonder what kind of person he is...

“I have accompanied Akatsuki-san here.”

“Enter”

“Excuse me.”

Lily and an old man are in the room. The old man is probably the Earl Shelben.

“Sit down.”

“Okay.”

“Let me introduce myself. I am Earl Taruka Eru Shelben. Please take care of me.”  
(TI: Yoroshiku)

He said so and reached out his hand. A friendly and good person. 【Mind Reading】ability made me understand nothing odd was being thought.

“I’m Akatsuki Yuuki. Please take care of me.” (TI: Yoroshiku onegaishimasu.)

I stretch out my own hand and we shake hands. His hand feels like it has grasped a sword for years.

“First of all, thank you for saving my daughter.”

“Not at all.”

“I intend to give you something out of etiquette, but is there perhaps something you want? If it’s within my capabilities, I’ll organise it.”

“There is nothing in particular. If I am forced to say, I want a recommendation into the adventurers guild.

“Recommendation to the guild?”

“Yes.”

“That is, you want your rank to be decided on the fact you defeated that cyclops?”

“That’s right.”

“I understand. I’ll handle it.”

‘Thank you very much.’

Excellent, I have achieved my goal.

I wanted to raise my adventurer ranking in one go from this time. Thus, I received the support from the Earl Shelben. I was saved from breaking the ice to raise the problem I had.

For a short while I talked, I then received the letter of recommendation from the earl and left the house.

# Chapter 5

## Episode 5: Church

Are you aware of jobs?

In this world there are things called 『Jobs』 and 『Occupations』. These two are falsely similar.

『Jobs』are those which are suitable for a person。 For example with the job of 『Swordsman』you can wield a 『Sword』but can never master the 『bow』. Naturally, the reverse is the same as well. As for those with large talent, multiple jobs is possible. It is very rare, but there are unfortunate people without a single job. And 『Occupation』 is work that has been chosen. For example, an adventurer's 『Occupation』 becomes 'Adventurer'. There are people with several.

I'm heading towards the town's church. In this world, when you turn 10, you go to the church to be awarded a job. Rather than having a job awarded to me, i want to see as to which job is suitable for me. As soon as I turned 10, I headed to Taruka so I have no job.

Thus, I went to the church to be given a job.

I seem to have arrived at the church after walking a while.  
It's around 3pm and there are also some other children here to be given a job.

"Next, please."

It seems it's my turn.  
There are several steps in order to receive a job.  
To begin with a person prays alone, and then after that they drop blood on an identification card. You can verify a job from the identification papers, but the church has a magic item which can confirm various jobs.

I am now giving my prayers.  
And then,  
"Please open your eyes."

I heard a voice. When I opened my eyes, what was there was no longer the

church but a God’s world. In front of my eyes there was a beauty..... And there was a crowd of beautiful women and handsome men behind her.

The beauty began to tell everything.

“We are the existences responsible to manage this world called Gods. Produced by the concept 『God』. I am called a Demiurge in this world. And, I rule 『existence.』.....”

For a long time they seemed to hold respect for me, I’m rather happy. From now on they will continue to give orders on their own and want to continue to use me, it seems.

“Status hiding Received. Acquired. Title acquired.

“This is?”

“Divine protection. You won’t have trouble with church relations when you have these. <(Divine) Protection of Gods>, with these 2 things, you’ll have top-power with relations in the church. No-one who isn’t a stupid person would hurt you when you hold these two divine protections as it’s said to harm one who possesses them would unleash divine punishment upon themselves. We can only do so much but we pray for your happiness in the future.”

“A, I see. Thank you.”

“Then excuse me.”

“Cya.”

When I open my eyes I am in the church. I take a look at the status.

## Episode 6 Adventurers Guild

The time is 4pm.

I was headed towards the adventurers guild.....

“Onii-chan! How about a spit-roast?! It’s only 30 pal.”

“Then, I’ll take two.”

“Thank you for your patronage.”

Mngmng, yes; Delicious!

I turned back around. By the way, the currency in this world is 『Pal』. In addition, the money goes like this Stone coin → Large Stone coin → Copper coin → Medium Copper Coin → Large Copper coin → Silver coin → Medium Silver coin → Large Silver coin → Gold Coin → Medium Gold Coin → Large Gold Coin → White Gold Coin → Next. Their denominations are 1Pal → 10 Pal → 100 Pal → 500 Pal → 1000 Pal → 10000 → 50000 Pal → 100000 Pal → 1,000,000 → 5,000,000 → 10,000,000 → Pal 100,000,000 → Pal 1,000,000,000 Pal.

If you change it to Yen it goes like this

1Pal=10Yen

10Pal=100Yen

100Pal=1000Yen

1000Pal=10000Yen

10000Pal=100000Yen

As I was walking and eating I suddenly saw a signboard with a shield and three crossed swords... It was the adventurer’s guild.

Should I say this is pretty much a template?

“It’s unexpectedly clean and good looking.”

The inside was fairly crowded. I went to the receptionist who only had a single person in front of her.

“Oi, that fellow went to Rosa.”

“Are you serious? Doesn’t he know no one who’s sane will interact with her?”

“Isn’t this pretty bad for that kid?”

“If you think so then go and stop him.”

“N~oo, I don’t wanna get involved.”

What are these fellows talking about?

“Excus’ me. ” (tl: Kansai dialect.)

“Welcome to the adventurer’s guild. How may I help you?”

Her voice is beautiful, not only that, she herself is a beauty. Those guys must have just been gossiping about her.

“I came here to register, also I’d like to meet with the Branch Chief pl-”

“Move your ass you damn kid! You’re talking to my woman (or she will be) ya’ know!”

“A a , what’re you sayin ossan, you pickin’ a fight?!”

Oh crap he snapped, Ah well nothing for it now~

“Bastard, you even know who you’re pickin’ a fight with?! Huh? Come on, I’ll kick your ass!”

“Like I give a damn, think about what comes from your mouth before you say anything you old bastard.”

“The hell was that?! I’ll KILL YA!!!”

“If you’re gonna try something then come at me ya tiny bastard!”

“Don’t screw around with me you little brat!!”

Ah~ ah now he took out his weapon. Well I guess now it’s legitimate self-defense so it should be fine.

“DIE BRAT!!!!!!”

“Sigh” Snap!!! Booom!!!!

(Aah crap I overdid it.)

.....

Let’s go over what happened,

The old guy started to slice→I dodged→the old guy gets his body kicked→the old guy feels the impact on his bones→the old man flies away→he crashes into the wall→the wall breaks→he flies straight through the wall.

And that’s how it went.

“So, does anyone else want to try?”

""""Shiver""""

Everyone's face went pale. I'm kinda sorry but I came here to register.

"I'm sorry, but could you call the Branch Chief t-"

"What's all this noise about?!"

".....Again?"

Some kind of tough looking old guy came out from the back.

"Oh Branch Head! Actually (explains)"

"Is this true Barton?"

"Yes"

Is that guy the Branch Chief? Why is he coming towards me?

"Are you the one who did that?"

"Nope, not me"

"Don't lie to me."

"No, it wasn't me who broke the wall it was that old guy. It wasn't me. Ah, but the one who sent the old guy flying was me."

"Aah I got it"

It looked like he understood. Oh yeah I still hadn't given the branch head what I needed to.

"Branch Chief, here."

"Hm, This is?"

"It is a recommendation from the Earl Shelben."

"From Hans?"

Calling him without honorifics? Are they close?

"Yes"

"Nn? This is.....Akatsuki-kun I'm going to need you to come to the Branch Chief Office."

"Yeah, before I go can I fix the wall?"

"Can you fix it?"

"It's simple. {Restore Renovation}"

"OOoooh you fixed it."

After using restoration magic to fix the broken wall, I and the Branch Chief left together.

As soon as we entered the Branch Chief's room I was asked to describe what had

happened, and so I told him the circumstances....

“So you mean to say Lily-ojouchan didn’t get hurt!!?”

Is what he says... by the way this is the fifth time he’s asked me the same thing...

“Chief, I’d like for you to settle down please.”

The reception lady from before (Her name seems to be Rosa Barton) asks the Chief to stop.

“Ah that’s right. Well Akatsuki-kun, this letter nominates you to receive a rank of ‘A’. I also think that should be fine, but there is a problem.”

“You mean the other adventurers?”

“Not really, they should be fine. The guy you just fought, Dust, was a B rank but you beat him really easily in front of everyone so I think you’re fine.”

“Then, what’s the problem?”

“It’s the nobility.”

“The nobility?”

“That’s right, if there is a Rank A youth such as yourself around the nobility would swarm like ants.”

“Oh it was something like that. Well, I’d be fine with whatever.”

“Really? Well if it’s fine with you.. Then I’ll be registering you, is that alright?”

“Yes”

“Barton, go get the black steel plate.”

“Ok”

“Akatsuki-kun before you register we need to test your basic magic attribute with a magic item, can you send your magic power into it?”

He said this as he took out a crystal.

“So I just have to put my magic into this right?”

“Yep, then we’ll know your aptitude.”

“Alright I got it. Here goes...”

As I poured my magic into the crystal, it began to shine with a rainbow colored brilliance. The Chief quietly whispered “This can’t be real” while he stared in shock.

“I’m sorry, can I stop now?”

“Y-yes”

“So, what do I need to do next?”

“Now we carve your name into the plate. Then once we put a drop of blood on

the plate the registration is complete.”  
“Ok”

When I finished the registration I got an explanation. The plate updates itself automatically every day at noon. If you use a drop of blood it can be updated at any time. Your name, sex, age, rank, and monster subjugation are all recorded on the plate. I got an explanation of some other things like an item which can verify monster subjugation at the guild, but I soon left the guild.

## Episode 7 – First Quest

The next day, I was in the Adventurer’s Guild in order to receive a QUEST.

Adventurers receive request from the guild, they execute that and get rewards/money.

There are also different kinds of quest.

Roughly there is a normal quest and an emergency quest.

Quest’s usually consist of the thing called regular request which is given all the time, a subjugation quest, and an escort or guarding quest. The content of Emergency quest is different by that is a time quest and must be completed in a hurry.

Meanwhile, the quest that I chose is,

Subjugation of a group of the wyvern

Rank: A

Reward: 350000 pal

Remark: Wyverns are commonly B rank but a group of wyverns are considered A rank. Be careful in receiving it. Recommended for at least five person.

Akatsuki was running in a rocky mountain.

(Found it!)

In front of his eyes, he saw 12 wyverns flying. Akatsuki which confirmed the number of enemies suddenly shot his magic.

《 Rest of light – Requiem Ray》

By the time the light went towards the Wyvern, the visible body of Wyvern had been divided into two.

“uwaaa.. so dirty”

Akatsuki stripped the magic stone which is necessary for Subjugation proof from the corpses of wyverns.

“Excuse me. I request for the verification of quest completion”

“Yes, sir. Please lend me your guild card and the subjugation proof.”

“Hai!!”

Akatsuki transferred the guild card and the magic stones to the receptionist. After a while,the receptionist came back with the guild card and a bag full of money.

“The total rewards is 840000 pals.”

“840000 pal? Isn’t it too much?”

Because “the number of subjugated monsters increased, it also increased the reward.”

As such the receptionist give the bag of money to Akatsuki.

After receiving the bag of money, Akatsuki left the guild saying thanks.

## Episode 8 The Earl again

At 3:00pm, I was in the Earl's house. I had remembered why such a thing happen.

I who went out of the adventurers guild returned to the inn where I'm staying.

Returning to the inn, I rested my body with a satisfying lunch and a bath. Afterwards I was making some magic items in the space created by my magic. Upon exiting from the space, the landlady of the inn came to call me. Apparently I have some visitors.

When I went to meet my visitor, the visitor was apparently the other day's butler. I listened to story and it seems that the Earl has some business with me. Just like that, I was taken to the Earl's house.

When I was waiting for about 10 minutes, the Earl came then the discussion started.

"Akatsuki-kun, there are things I want to talk to you."

"What?!"

"I do not know what is good birthday present for my Lily!"

What's that? Don't consult that with me.

"May I go back?"

"It's no use. Come on! Please give me some advice!"

Afterwards I've been asked in such great desperation. I cry slightly, besides. How can this guy be the Earl? I feel like an image among me is collapsing, and leaving faraway. Because I think anymore of this is bad, I think I should at least listen to his story?

"Understood. I'll hear your story for the time being."

"Thank you! Akatsuki-kun"

"Then speak, I'll listen to you now?"

"Up to now, clothes, would have been my gift..."

What's happened?

"I heard that she said, "I would like something to be able to protect myself ". From that, I can't decide what is good for her until now."

"Is there any possible gift with that?"

"There is actually. But nothing comes to my mind"

"What kind of thing do you think possible for that?"

"That's... .. accessories type of magic items"

"Really? I mean you should make with anything if there is nothing that comes to your mind."

"Hmmm... But... I can't think of anything because it will not turn out as a first-class thing"

Was everything a first-class manufacturer produce will become a first-class work? Then it is impossible or, ... .. No, wait, and I should make it, and the old man says a skill of [Creating Higher Magic Tool] is a one of a kind skill in this world. It is a story that I heard because it does not seem to be an exaggeration. Then I should be able to make something good if I work on it.

“Should I make the magic item?”

“I don’t mind, but can you make it?”

“I can make it if you allow me for ten minutes.”

“Then may I ask you?”

“Yes. I’ll make it now? ”

“If it’s like that can I observe you making it? ”

“I don’t mind it. Then I shall start making it now”

“What about the materials that you’ll need?”

“I will use my own materials.”

To begin with, I took a <magic stone of Emerald Dragon> from the item box. Then using [Special Create], I also took a small amount of <magic stone of the Ruby Dragon> combining those into a single magic crystal (a concentrated form of magic stones). I also took out some Mithril and Gold. I could also feel the Earl staring at me but I just ignored it.

First, I started to process the Mithril in the form of a bracelet and a necklace. Then I make the base for fixing the magic stones. Afterwards, I engrave a pattern using gold into it. Finally, I finished making the necklace. Then next was the bracelet, but I make sure that it can also be used as a watch. I decided to use the power of the <magic stone of Emerald Dragon> later. Incidentally, this two is going to be linked later. Then Finally, I give enchantment to the two items. Finishing the enchantment giving, it’s finished and done.

## Episode 9 Bad Premonition

Two months have passed since I came to Taruka.

And today I was going to receive a quest in the adventurers guild.

“Akatsuki-san can you come here for a second since the Branch Head is calling you?”

“ Okay...”

Why does the Branch Chief calling me? Is there any task? While I thought about such a thing, I went to Branch Chief’s room.

“Branch Head, Akatsuki-san is here”

“Enter”

“Excuse me”

Once I entered, I saw The Earl and the Branch Chief inside. I have a bad feeling about this.

“Please, sit down”

“Yes”

“I will get straight to the main point. The contents is your promotion to S rank. In this 2 months, the number of your completed quests is 100, furthermore, this includes the subjugation of 17 S rank monster. Do you understand reason now?”

“No,”

“That’s strange. You’ve just subjugated 17 S rank monsters. This fact alone can raise your rank even beyond the S rank. I think that the SS rank is actually enough. Now, do you understand?”

“Okay, I understand”

“Then give me your guild plate. We need to convert it into a Mithril plate appropriate for S and SS rank.”

“Okay! Here...”

“Now moving on to the next topic. It’s strange like I said a while ago”

“What?”

“It’s the monsters. 17 monsters of at least S rank were confirmed. Don’t you think is strange? ”

“Strange? What? ”

“There is no enough reason for why there are many S rank monsters here at the border where it should be, so far nonexistent?”

“Just now, there are multiple S ranking monsters ... .. In fact, 2 have been confirmed right now just like in the past large invasion 15 years ago”

“Large invasion?”

“It is when monsters attack in a large crowd”

“Because of that, the large invasion maybe the cause again”

“Even so. It’s still strange. This size? It’s precedent happen to exist in about 1400 years ago.”

“1400 years ago?”

“You do not know? The Demon King leading demon race and demon race using monsters started an invasion in the other races.”

“I don’t know it. So what happened??”

“The Demon King was sealed by the hero of that time. Thus, during the

invasion, those which possess the high ranking monsters can be seen. There’s a close resemblance of that time here in the present. ”

“In short ... ..”

“The Demon King’s revival..... might be happening.”

Great to hear that. But was it good that I heard this?

“Furthermore, His Majesty, the King will be coming to Taruka more or less in few days.”

“Wha.. What did you just say? ”

“His Majesty will be coming here. Because of that? We decided to increase our guard much stronger. And... in case... the large invasion comes, we would like to ask your support.”

“Understood!”

“Sir, I beg your pardon. The plate conversion was completed.”

I received the plate, then went out of the guild after receiving my quest.

## Episode 10 The king

The rumors which are about the large invasion has circulated in the streets for 5 days. The rumors are.....

[The number of monsters seems to increase]

[The monsters of the A rank is considerably being witnessed]

[There seems to be an adventurer who became the fastest, youngest rank S]

[The King seems to be coming incidentally]

Thing was like..., .... what the heck... king, me, well whatever...

I was working hard at the development of my Quest, making magic items and development of the new magic (creation) while hearing such rumors. As such; my status considerably rose.

September 24

It's the day when the king of Daorouku Kingdom comes over to Taruka. Everyone was preparing a welcome, but I went out of the gate instead to hunt a monsters.

The time currently is 7:00 a.m. When I went a little (usually using a carriage the distance should be approximately three hours), I met a certain man which ages around 30 years old that was about the same as Shelben Earl.

I try not to worry about it and pass him but the man has spoken.

“You, which one will you hunt and will probably go!”

“We could join your hunt if you want?” I became interested and looked at his status ... ..

“Let’s go hunting!”

By the way, it’s a problem. Where am I now?

The answer was in Earl’s residence. There is a strange old man (the king) at front.

To explain the current circumstances, To return home, -> I went to the adventurers guild, -> the king was, -> well, kidnapped.

OK ?

The king seems to be misunderstood as kidnapped, now was brought here which leads to this situation in earl’s house.

“Let’s go hunting!”

“I refuse.”

“... I’m just kidding. ”

In spite of it as a joke, why such; I seem to be annoyed.

“Thereupon, why am I being captive here?”

“Because you were there,”

Because “there is a mountain there, you cannot say I didn’t do it.”

“The truth is because I wanted to listen to your story.”

“Story?”

“Ahh... It’s like that, me who defeats S rank monsters and became the youngest and the fastest rank S adventurer. Besides, I can make an item of SS grade that is known as the legend grade. It is interesting, isn’t it?”

(Now, appraisal was used)

“It is not visible. The grade.”

“I have already done it!”

“Understood. Then who is/are the most significant adventurers we have currently in this town? ”

“Only one person. Only Akatsuki Yuuki of S rank is here.”

Well,-are you serious?

“Akatsuki, you! I am giving you a nomination request. The amount of reward is 500 million!”

“Akatsuki, you! It is request designation even from me. The amount of reward is 2 billion! This is a matter for the safety of our country.”

“Will you accept it?”

Well, whether what request they give, its not like I have the right to refuse.

“As for the request contents?”

“The repulsion of all the monsters”

“Not annihilation?”

“I see. I accept it. But please do not let other adventurers disturb while I’m working.”

Then a huge sound and vibration happen suddenly, a wall collapsed. Then a monster enters and .....

“Kyaaaa!!!”

Two children were attacked by an Earth dragon of S – rank.

... which isn't finished ... it is impossible by myself ... Sorry, I really can't help ...

“DAMNNNNNNNN! ! !”

I ran towards the attacked children, towards the Earth dragon exactly.

Why did I do it. There is no reason. No, I understood a reason or I was forced when the children looked at my direction.

I push away children and, “Escape!”

I said so.

At that time, the pressing jaw of the dragon approached.

Oh, is it over? I can't meet the children anymore. Nevertheless, once again “I want to meet them again”

I want to see those grew up. Still “I don't want to die.”

“You won't die.”

I heard a voice.

With the explosion of the powdered dragon head at that moment.

“Get out of my way”

Every time Akatsuki moves, each monster drops a neck and he makes monsters dead at random.

“Uwa ... aaaa”

“Giyaaaaaaaa”

『『『GOOOOOOOOOOOOAAAAAAAA』』』

“Hekatonkeiru ...waaaaaa ”

Hekatonkeiru ... SS rank (T/N: Hekatonkeiru or Hecatoncheir, if you have no idea what this monster looks like, please refer to this [link](#). Well, even me have no idea what this monster looks like before I search for it appearance.)

[POV changes to random mobs]

“Get out”

“Run away! It’s impossible kid.”

“Stop! You are the guy who came recently! That fellow is rank S. Rumors even says that he’s near SS rank!”

“Please, don’t lie ! ?”

“It’s true. Look! ”

Akatsuki shot a magic spell to hekatonkeiru.

<< Great flame bullet – Blaze shot >>

DOOOOOOOOOOOOOOOOOON

The <<Blaze shot>> was shot to hekatonkeiru and made it vanish just as it is.

“..... its a lie right? just what the hell is that magic!!”

“Have you not heard!? The fire attribute upper class, << Great flame bullet of 11th court rank magic – blaze shot – >>!”

“11th!? That 11 court ranks!? It is... and don’t you think for that kid? It’s supposed to be impossible!”

“It’s possible! Other S rankers are also on a whole different levels in many ways one or another just like that guy, Akatsuki Yuuki”

While that adventurer is saying such things, Akatsuki had already run again searching for the next target to exterminate. When such a thing is being done, monsters are being pulled.

The time it goes back a little.

To the east of Taruka, there were two people, the ringleaders of this large invasion.

“Masaki!?” (T/N: Can also be named Masaka. It’s just I prefer the English version rather than the Romaji version.) “What’s the matter?”

“Marquis-sama, the hekatonkeiru was already been dispatched.”

“Whatever, just dispatch more passable monsters to dispose the humans, in case a hindrance comes.

“Alright, fine then ?”

“No problem. We will let the humans plunge into the depths of despair. kukkukukku, kuhahahahahaha ! !”

“Good, just act in accordance to the plan”

“Understood”

And two people called a human being.

[POV changes back to Akatsuki]

A monster goes down. There was what? A voice sounded when I thought so.

『『『 Inferior species, unworthy humans!!! Wasting my stay time at Semeiru again!!! Then I will say all that’s needed!!! Leave!!! And turn dust in the face of the Demon God. Take a look at our mighty appearance which is better!!! Again, in the face of the Demon God, Take a look !!! As long as not even your authority has the power ahhhhh!!! 』』』

Got it. Such a thing they doing is for the revival of the Demon God. This is totally bullshit. Because the guy of this voice is disgusting, first of all, I’ll kill it off.

Demon God? Something saying like that and ... .. Don’t you think he’s too

foolish? As for such a person to be a God, though the way of speaking is bad; Gods are like just a manservant or pets for me. They even rub their faces to me because of their wholehearted respect for me. Well, maybe because that it is probably a bad God, no probably a wicked God, that it tried to say such things in front of me.

It is a matter for a few hours. Because it is troublesome, do I need to use magic? Do I need to come and say to their King?
